

Clay for Kids is coming to our School!

Clay for Kids is the only school-based program in Western Canada that delivers a fun and active portable pottery program teaching children the fun and wonder of working with clay. Your child will celebrate a specific curriculum, art or holiday project through independent clay work and each class participates in an active wheel demonstration.

Clay for Kids will be coming to our school on _____. We will be making a very special paint or clay project with them. The cost of this project will be _____ per child, including the gst.
